

SNAP FITTING "DIVA" 3 STEP PIN

- high quality furniture fittings

The "Diva" 3 Step Pin is a refined extension of our well-known "Diva" range, designed to deliver the same reliable performance with added versatility and control. This new version is ideal for applications where a gentler pull force is required compared to the standard Diva male parts, making it suitable for more delicate materials or precision fastening needs.

Features:

• Optimized Pull Force:

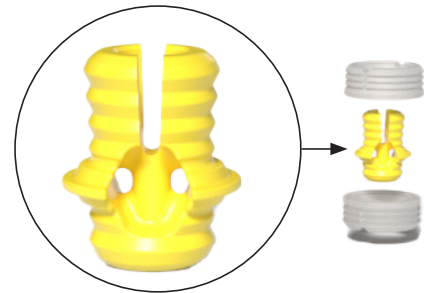

The innovative center slit design reduces the pull force by approximately 60% compared to regular Diva male parts. This ensures a smoother release and a lighter, more precise hold—perfect for fabrics that demand a softer touch.

• Three-Step Adjustment:

The 3 Step pin structure provides flexible usability across different fabric thicknesses, allowing the pin to stop securely at 0.0 mm, 1.3 mm, and 2.6 mm. This multi-step feature enhances adaptability and ensures consistent performance across varying materials.

• Cross-System Compatibility:

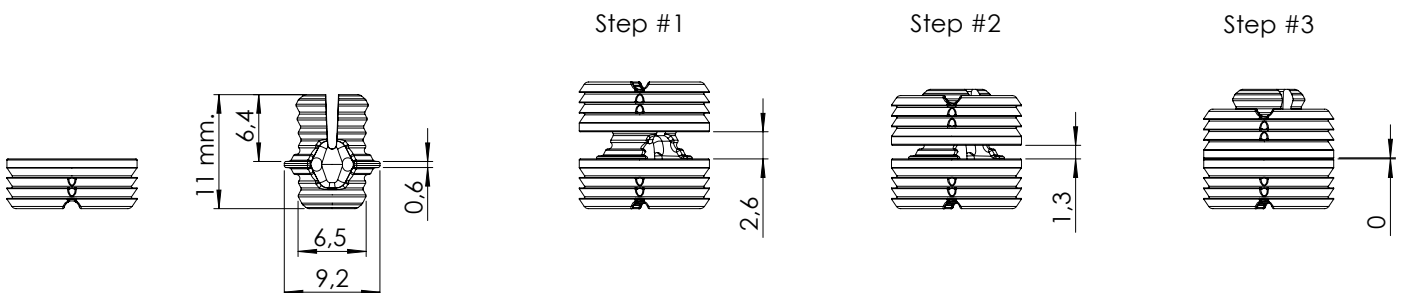

Designed with convenience in mind, the "Diva" 3 Step Pin is fully compatible with both "Diva" and "Donna" systems, ensuring seamless integration into existing setups without the need for additional adjustments.

Material:	Yellow PC
Size:	Ø10 x 11 mm
Item No.:	#11.06.027
